

Young Horse Show Series 2015 Finals Sponsor Incentive

The Young Horse Show Series is designed to provide sport horse breeders as well as owners, trainers and riders of all disciplines an affordable show venue to introduce and evaluate their young horses in a show environment. It also provides an opportunity for young horses to “put on necessary mileage” with appropriate and special classes suitable to the proper development of young horses.

We ask you to be a part of our vision to help better develop the American bred horse. The YHS Finals is a special event, bringing the best young horses from the country and a large variety of equine professionals to compete at the Tryon International Equestrian Center on November 6th and 7th 2015.

The sponsorship package asks for only \$500 for the whole event before October 1st 2015! (regular: \$500/day or \$750 for both days) and includes:

- A space on our jump chute to hang your company’s banner or sign that you provide or we will add your company’s name to a group banner of all of the sponsors.
- If you wish to set up a display booth to offer products or services to the patrons of the young horse show, the show grounds will provide you with a space to do so. Also, if you do not wish to have a booth, we will display any business cards or brochures to the patrons.
- Your Logo on the website show page
- Your company announced on the PA system throughout the show
- A free web ad (200x600 pixel) of your design until the end of the year on the show page

Being a sponsor to the Young Horse Show is a great way to promote your products or services to our exhibitors who are based around the show venue and the surrounding areas. If you wish to sponsor additional horse shows or increase your sponsorship amount, please contact Jean-Yves Tola at younghorseshowjy@gmail.com
