Qualification requirements for the Finals (Qualifier Classes only):

Classes 100, 200: All horses that receive a score of 7.5 or above in one class will automatically qualify for the final.

Classes 300 and 400: A score of 7.0 or above or a double clear round in one class will automatically qualify for the final.

Classes 500, 504 and 505: All horses that receive a score of 62% or above in one class will automatically qualify for the final.

Qualifier Divisions/Classes: There are five divisions. Horses can compete in more than one division and/or class appropriate to their age group.

**In-Hand and At Liberty class – (All disciplines) - Classes 100
Open to horses Age 1 to 4**

Horses will be presented in-hand on the triangle followed by a 2 to 3 minute at-liberty phase. Horses will be judged on conformation, quality of all three gaits, overall athleticism and overall impression.

Upon entering the ring, the conformation of each horse will be assessed by the judge(s) independently. The handler then will present the horse on the triangle at both the walk and the trot. The conclusion will be a 2 to 3-minute liberty phase where all three gaits will be assessed.

The horses will be scored on conformation (30%), quality of all three gaits (30%), overall athleticism (30%) and overall impression (10%).

Needed score to qualify for the finals: 7.5 or above

Horse equipment provisions:

Horses 2 years and older will be required to compete in a bridle with a bit with removable reins. Yearlings can compete in a halter with an optional chain shank.

No boots or wraps are allowed.

**Jump Chute – (All disciplines) - Classes 200
Open to horse Age 2 to 4**

Horses will jump an age appropriate chute of up to three jumps.

Heights:

- 1.10m (3'6") height, maximum 1.15m (3'9") spread (two-year old)
- 1.15 (3'9') height, maximum 1.20m (4') spread (three-year old)
- 1.20 (4') height, maximum 1.30 (4'3") spread (4four-year old)

These heights are a guideline. They will be carefully adapted to each horse according to their ability and willingness.

Each horse will be judged based on scope, technique, carefulness and willingness.

The jump chute is composed of 3 fences: cross rail, vertical and oxer with a distance of approximately 21' between the first and second fence and 24' between the second and third.

Distances will be adjusted when necessary.

Feel free to indicate to the handlers and/or officials the way your horse has been schooled. We will take it into consideration and adapt our system when possible. Our default system is for the horse to be walked or trotted into the jump chute, released and then caught at the end of the chute.

Note: horses can be excused after 2 refusals

The judge(s) initially will set the chute at an inviting height so the horse can become accustomed to the chute and then will raise the jumps accordingly.

If the judges feel the horse's welfare is at stake (e.g., lack of preparation, lack of ability, fear), the horse will be excused from the class.

The horses will receive equally weighted scores for scope, technique, carefulness and willingness at the conclusion of their jumping effort.

Needed score to qualify for the finals: 7.5 or above

Horse equipment provisions:

Horses will be required to compete in a bridle with a bit and removable reins.

Wraps or protective boots are encouraged.

**Schooling / Warm up Jump Chute (All disciplines) – Class 210:
Open to horses Age 1 to 5**

This class will focus on the safety and comfort of the horse in a jump chute environment. These classes are for horses with little or no experience in a jump chute. It is also a good warm up class for more experienced horses prior to the classes 200. A good and relaxed experience for the horse will be the focus of the class. Heights of the fences and number of trips will not be relevant. This class is not judged. Not a qualifying class.

**Flat Class for Sport Under Saddle (All disciplines)
Open to horses age 3, 4 and 5**

Judges will assess the basic gaits of the horse under saddle and its rideability. Up to two horses and riders will be in the ring at once when possible with the judge(s) asking the riders to walk, trot, canter and lengthen the gaits. Horses will be scored on the quality of their gaits under saddle, as well as their overall impression and rideability.

What the Judge is looking for:

The judge wants to see a horse that is relaxed and willing to do his job. With an age appropriate frame, the judge will look for a forward horse, balanced, relaxed with a softly connected way of going that best demonstrates his/her gaits.

Horses will receive a score for walk (25%), trot (25%), canter (25%) and rideability (25%). The scores will be based on the individual horse, not on a relative basis.

Needed score to qualify for the finals: 7.0 or above

Horse equipment provisions:

- Riders may use a dressage, jumping or all-purpose saddle.
- Riders are encouraged to use a smooth snaffle or 3-piece bit. Bits that will not be allowed for this class are Pelhams, Kimberwickses, Elevator, Gags or Mikmars with shanks.

- Riders may not use draw reins, side reins, chambons, degouges, neck stretchers or any other head setting device in the class.
- Dressage whips or riding crops are permissible.

Jumping Under Saddle Open to horses age 4 and 5

The Jumping Class is designed similarly to European Young Horse classes which are designed to assess a horse's jumping talent under saddle, while at the same time building confidence and experience.

Horses will jump an age-appropriate course of approximately 8 to 10 jumps. They will be required to go over the course twice.

Heights: .85m to 1.00m (2'9" - 3'3") height, width as per USEF Rule Book (four-year old)

1.00m to 1.20m (3'3" - 3'9") height, width as per USEF Rule Book (five-year old)

Note: The heights will be 3" higher and wider at the finals.

The course will be designed with an inviting course structure set with the young-horse in mind. Time is neither set nor judged.

For the YHS sanctioned classes, the horse will be scored over each obstacle and scored for each movement before, during and prior to the fences, then combined for a total score.

Needed score to qualify for the finals: 7.0 or above or a double clear round

What the Judge is looking for:

The focus of the judging is on the horse's jumping "style" (e.g., scope, technique, carefulness and willingness). Horses should be ridden in a soft and balanced frame and with adequate pace that enables them to negotiate each jump in their best form. (This class is modeled after the "Bundeschampionat" Young Horse series in German

Hunter Riders:

Be sure to note on your entry form if you wish to be judged as a hunter. The course will also have, when possible, a couple of hunter fences.

Dressage Under Saddle Open to horses age 4 and 5

Horses will demonstrate their basic rideability, harmony with their rider and willingness to perform using the new YHS dressage Test.

The tests can be performed by any horse and rider pairing of any discipline who is capable of walking, trotting, cantering, and halting.

The tests incorporate all three gaits, basic changes of direction, circles and half-circles.

Tests may be read for riders.

What the Judge is looking for:

The judge wants to see a horse that is relaxed and willing to do his job.

They look for balanced, smooth transitions and clear, rhythmic gaits.

They also want to see circles that are balanced, round and the correct size, lines that are straight and immobile halts.

Needed score to qualify for the finals: 62% or above

Horse equipment provisions:

- Riders may use a dressage, jumping or all-purpose saddle.
- Riders are encouraged to use a FEI-dressage legal bit for this class. The only bits that will not be allowed for this class are Pelhams, Kimberwickes, Elevator, Gags or Mikmars with shanks.
- Riders may not use draw reins, side reins, chambons, de gogues, neck stretchers or any other head setting device in the class.
- Dressage whips or riding crops are permissible.
- No boots or wraps may be used on the legs during the class.

Directive ideas for the Dressage Test (also see FEI tests):

- Freedom and regularity of the gaits
- Impulsion, desire to move forward
- Elasticity of the steps, suppleness of the back and engagement of the hind legs
- Submission, adequate for each age group (acceptance of the bridle and lightness of the forehand)
- Attention and confidence

The test are posted online.

Please contact the YHS office for more information about the stallion performance classes.

HORSE SHOW TIPS

- For the in hand classes, make sure to have reins with clips that are easy to remove
- If your horse is not used to a bridle, we recommend that you practice at home a few times before the show
- Make sure your horse is clean and braided. If you cannot have your horse braided, make sure the mane is pulled and short
- Make sure your horse's feet are trimmed and clean. The trimming should be done a few days before the show to avoid soreness in the feet
- Practice the jump chute at home if possible. Do not over face your horse!
The height is not important at first. You just need to build confidence.

It is the intention of this Young Horse Show to provide our young horses a suitable environment to begin their careers without the pressures of the Show Circuit. With this in mind, we kindly request that owners, trainers and riders abide by a drug-free show for the young horses. The judges will be lenient with "young horse mistakes." So, Let's "just say No" and enjoy our horses' first steps towards a competitive career!

Thank you!
